

Helping CONNECT teachers and students to Technology...

KLRN understands that teachers are pressed to find adequate time in the day to plan and prepare...that's why KLRN CONNECT is here. KLRN uses the power of television and the command of the Internet to help teachers maximize their planning time and help students become media savvy and media literate.

Frequently Asked Questions...

What's the timeframe for a subscription?

Subscriptions are valid for one year: August 1 through July 31.

Who has access to the videos?

All teachers and students can access the videos through a username and password they create.

Can the videos be used in PowerPoint or other multimedia presentations?

Yes! Your subscription comes with rights to download and save videos or images and integrate them into multimedia presentations or student reports.

Is there a way to track usage of the videos?

Yes! Through the Administrator Site the campus administrator will be able to track utilization and create usage reports.

How will we know what videos are available?

Search available videos by keyword, title, subject, grade level, or state curriculum standard. Advanced searches can also be conducted for Spanish and closed captioned titles.

How will the teachers know about KLRN Connect?

Your district subscription provides on-site staff development. KLRN will train your technology/media specialists and equip them with all of the tools necessary to implement KLRN Connect at their campus.
